WHAT OUR SCHOLARS SAY

“My experience at Harvard opened my eyes to the world of academic research. I learned that true research is a way of thinking, an ability to ask and answer complex questions. The friends and mentors I gained are still some of my biggest supporters and I continue to benefit from the extended Amgen Scholar network.” - Julia Flores, John Hopkins University

“I had the opportunity to work on exciting research alongside scientists at the forefront of their field, while simultaneously establishing close relationships with my peers in the program. Participating in Amgen Scholars at Harvard fostered my ambition to pursue a Ph.D.” - Emily Louise Rivard, College of the Holy Cross

“In and out of lab, I was constantly able to grow with a diverse community of incredibly bright scientists. The laboratory skills, professional development, and interpersonal relationships that I’ve gained throughout this program have been so impactful in forming my future trajectory.” - Anne Berhe, Pomona College

10-Week Summer Research Program
For Undergraduates in Biotechnology
ELIGIBILITY

The Amgen Scholars Program at Harvard selects undergraduates with high academic success, research interests in the biotechnology fields, and commitment to the pursuit of a career in science.

Applicants must meet all of the following criteria:
- U.S. citizens or U.S. permanent residents
- Undergraduate students enrolled in accredited four-year colleges or universities in the United States, Puerto Rico or other U.S. territories
- Sophomores, juniors or non-graduating seniors
- A cumulative GPA of 3.2 or above (on a 4.0 scale)
- Interest in pursuing a Ph.D. or M.D./Ph.D.

The program especially encourages applications from individuals who come from groups traditionally underrepresented in the STEM fields as well as individuals who come from rural or inner-city areas and individuals whose backgrounds and experiences would bring diversity to the biotechnology fields.

Previous research experience is not a requirement for participation in the program.

HOW TO APPLY

Application Materials Required:
- Online Registration
- Application and Essay Form
- Official transcript
- Resume
- Two letters of recommendation
